

Refrigerator Truck Space Order Form

TASTE OF ASIA FOOD VENDOR 2019 Colorado Dragon Boat Festival

The Colorado Dragon Boat Festival will again provide a refrigerator truck for food vendor's food storage. Space is very limited. This is not a free service. You MUST reserve and pay for your space in advance.

2019 Refrigerator Space \$ 50.00

DEADLINE TO SUBMIT YOUR REFRIGERATOR TRUCK SPACE ORDER IS JULY 1, 2019

In order for this service to be successful for ALL food vendors, we ask that you:

- 1) Stay within your assigned space in the refrigerator truck. You DO NOT have unlimited space. The amount of space that you have will be determined by how many overall food vendors reserve space. You may have shelf space or space on pallets on the floor. Your exact space will be determined prior to the event. Refrigerator truck space will be assigned by event organizers and be labeled.
- 2) Keep your items tidy and in order. Bring your refrigerated items in coolers or other solid containers that can be stacked. Keep your items together and stacked whenever possible. Label all coolers and containers with your business name. The health department will also inspect the truck, so it is important that all food items are stored properly.
- 3) Do not touch other food vendors items. All food vendors are on their honor to not disturb or move other food vendors items.
- 4) Bring your own pull carts, wagons, dollies. Since there will be only ONE refrigerator truck and TWO food courts, you may need to transport your items to/from the refrigerator truck some distance. Plan ahead and bring what you need to get your items from the truck, to your booth. Event organizers will not be responsible for transporting your food items to and from the refrigerator truck.
- 5) Lock the truck after your use. Food vendors will be given the combination to the lock – so that ONLY food vendors can use the refrigerator truck. If you forget to lock the truck, you risk this benefit for ALL food vendors.
